TEACHERS' INSTITUTE AT SCHOOL HALL THIS WEEK

Affair Will be Entirely in Charge of the Local Instructors.

NICE PROGRAMS ARRANGED

First Session on Thursday Evening—Music Will be a Feature.

The second teachers' institute this year by the teachers of the Charleroi schools, will be held in School Hall on two nights this week, Thursday and Friday, and from the preparations that have been made, it promises to be one of exceptional interest. Music will be a special feature, and combined with the talks to be given by the local teachers, will be pleasing to the patrons of the schools, as well as teachers. The following is the program as it has been arranged:

THURSDAY EVENING.

Selection—Stratford Orchestra.
"Some Phases of History Work in the Grades"—Miss Harriet Jolliffe.
"Essentials in Physiology"—Miss Mary Blankenbuehler.
"How to Train Pupils to be Accurate"—Miss Mary Thompson.
Vocal solo—Miss Emma Meyer.
"Practical Moral Training in the Public Schools"—Nellie Steele.
"What Should be the Aim in Primary Drawing"—Miss Elizabeth Elliott.
"How Best Teach the Pupil to Study Mathematics"—J. R. Huston.
"How to Train Pupils to get Correct Form and Movement in Writing"—Miss Judith Collins.
Music—Teacher's Choral Club.

FRIDAY EVENING.

Selection—Stratford Orchestra.
"Essentials in Geography"—Miss Jean Hawthorne.
"How to Give the Greatest Benefit to the Pupils Who See no Value in the Study of History"—Miss Grace Iams.
Music—Ladies Double Quartet.
"Interdependence of Geography and History"—Miss Alice Woodward.
"Some Methods to Obtain Interest and Energetic Work in the High School"—George Cheeseman.
Music—Miss Esther Dryer.
"The Value of Hand Work in the Primary Grades"—Miss Bernette McDonough.
"Nature of the Teacher's Preparation for the Day's Work"—Miss Ella Greenwood.
Recitation—Mrs. Dolly Jeffries.
"How May Our Schools Aid in Making Manly Boys"—Miss Etta Work.
Music—Teacher's Choral Club.

Strike at Manown.

A strike is in progress at the plant of the Manown Manufacturing company at Manown, across the river from Monongahela and from 35 to 45 men and boys are out on a demand for an increase of wages. Two deputies from Pittsburg are on duty at the plant to protect the property of the company.

Public Meeting Tonight.

Burgess Geo. W. Risbeck has called a meeting of citizens in the borough building at 7:30 tonight for the purpose of discussing plans and arranging for a public demonstration in Charleroi on July 4. Every one interested is requested to attend.

Mrs. Jos. Bake and children left this morning for Indiana to spend several weeks with Mrs. Baker's parents, Mr. and Mrs. John Abbey.

Have Strange Way of Friendly Greeting

Two Foreigners Get Arrested Because They Become Too Chummy.

When after many months Paul Wagla and Joseph Burarda, two chums, saw each other for the first time yesterday afternoon, a playful tickle under the chin as a friendly greeting started worse things, and Joe got mad, and had Paul arrested. The hearing was before Burgess Risbeck last night, who after learning the details fined them both \$1.00 and costs, which Paul paid, and the couple went away happy, and if possible more friendly than before.

ADOPT THE SCHEDULE

First Game on May 2—Admission Will be Charged to Games.

At a meeting of the Charleroi Church baseball league managers and executive committee members at the Washington Avenue Presbyterian church last night, the schedule for the coming season was adopted as prepared by the schedule committee. The opening game will be on May 2, between the Christians and Catholics and arrangements are being made for a parade preceding it. A list of the players thus far signed by the different teams was submitted and indications are that they will be surprisingly well balanced. A resolution presented by D. M. McCloskey, Esq., of the Episcopalists to the effect that the Episcopalists and Baptists be lent players if needed by the other clubs, was adopted.

A nominal charge of 10 cents will be made for the different games, ladies free, and on holidays this admission fee will be increased to 25 cents. The secretary was instructed to write to Spalding Bros. regarding the securing of a pennant. President Jesse K. Johnston will endeavor to arrange for a corps of competent umpires.

TWO MEN HAVE NARROW ESCAPE FROM INJURY

When Cooper Geekie and H. McCabe, employed on the new Pfleghardt building on Fallowfield avenue, through the board slipping on which they were working, fell from the second floor to the first yesterday afternoon they had a narrow escape from serious injury or possibly death. As it was, both fortunately escaped with a few bruises and scratches. Mr. Geekie went home, and later Mr. McCabe followed, but not until he had finished up this work. Both men are stone masons. They were about to quit for the day when from some cause the board on which they were standing slipped, precipitating them a distance of 16 or 17 feet to the floor. McCabe lit on his hip, while Geekie struck on his feet. Both were somewhat jarred, and debris falling from above covered them, but without inflicting serious injuries.

NOT HELD GUILTY OF RECKLESSNESS

Burgess Discharges Automobilst who Ran Into Boys on Bicycle.

L. A. McVey, who was arrested in connection with the accident at the corner of Fifth street and Washington avenue on Sunday evening, when Constantine Patrick was seriously injured, was discharged last night by Burgess Risbeck. The charge against him was reckless driving. Among the witnesses heard were Steve Kaulkey, one of the boys on the bicycle which was struck, Mrs. Clara Hann, Clarence Jones and Joseph Higgins. Andrew Kaulkey, the father of Steve Kaulkey, stated this morning that he and Mrs. Michael Patrick the mother of the boy most injured were intending consulting an attorney about entering suit for damages.

BEGINNING TO FEAR THAT SCHOOLS MAY HAVE TO BE CLOSED

Unless the rapid spread of the measles can be stopped at once, there is danger of the schools being ordered closed by the board of health, as well as all the amusement places of town. The measles during the past four days have been spreading at the average rate of about seven cases a day, and the board of health and physicians seem powerless to stop the contagion. The health board will hold a meeting as soon as possible and discuss the problem of combating the disease.

FIRST MEETING OF SOCIAL GLEANERS' CLUB TO BE HELD

The Baptist Social Gleaners' club, recently formed, will hold their first meeting at the First Baptist church on Thursday evening, and a nice program has been prepared.

The program consists of piano numbers, readings, recitations, solos, quartets, instrumental numbers and others of a varied literary nature. Among those to take part will be Mrs. C. S. Joshua, Miss Della Jacobs, Miss Jessie Everhart, A. G. Lewis, Mrs. Harry Burkhardt, Mr. Burkhardt, O. Michener, Charles McLaughlin, Charles Hott, Rev. Joshua, D. C. Whitlatch, Dr. C. C. Wright, Jay Reeves, and Floyd Chalfant. The meeting being public an invitation has been extended to all.

SCHEDULE ARRANGED FOR TEAM PRACTICE

At the instance of the executive committee of the Charleroi Church baseball league, Stafford D. Matthews of the schedule committee has prepared a list of days upon which the various teams practice and submitted it, subject to change upon arrangements as follows: Mondays—Christians and Lutherans; Tuesdays—Episcopalists and Catholics; Thursdays—First Presbyterians and Methodists; Fridays—Baptists and Washington Avenue Presbyterians.

CHARLEROI HAS ANOTHER INVENTOR

The "Smith Utility Scoop" is the latest invention of a Charleroi man, the inventor W. C. Smith, a plate glass worker, having just recently received his patent.

The scoop is intended to facilitate the work of freight waterroom men, or farm workers in handling grain or other loose substances, and according to the inventor the work of five or six men can be done by one person. The scoop is set upon handles and is so arranged that by simply pulling a string, it revolves to a horizontal position, when it may be pushed into the bulk of material desired to load. The handles are raised to a vertical position, clamping the scoop automatically and the load is ready to wheel where it is desired. Another pull at the string when ready is the means of unloading it.

ONLY ONE DEATH DURING MARCH AT THE MONESSEN-CHARLEROI HOSPITAL

The Monessen-Charleroi hospital, according to a report made public this morning, is in good shape and is doing successful work. There was only one death at the hospital doing March, that from a neglected case of typhoid, the patient dying 24 hours after being taken to the hospital. The report follows:

No. patients in hospital at beginning of March	10
Admitted during March	20
Discharged during March	22
In March 31	10
Deaths during month	1

INCREASE SALARY OF PASTOR AND BUY A PARSONAGE

At an adjourned meeting of the board of trustees of the First Presbyterian church last night action was taken increasing the salary of the pastor, Rev. J. T. Hackett, \$200, or from \$1,000 a year to \$1,200. A parsonage will also be provided for him through the purchase of the J. S. Crawford property at the rear of the church. The meeting was presided over by the recently elected chairman of the board of trustees, Dr. J. W. Hunter.

TREES ORDERED FOR PLANTING ON ARBOR DAY

Dr. B. W. Stewart of Monessen sent to the Mehan nursery, Philadelphia, this morning an order for 140 shade trees to be planted here upon the observance of Arbor Day April 22. The trees were ordered by a special committee of the Board of Trade and will be planted at the instigation and under the direction of the tree committee of which Dr. Stewart is secretary. Eighteen of this number was ordered by the School Board and will be planted along the school property in the three wards. Sixty of the number was ordered by the committee to be planted along the parks and other public grounds and the remainder will be planted by private citizens.

Free Concert.

The Charleroi Italian Band will give a free concert on Saturday evening at 6 o'clock in front of Charleroi House. Music of a very high order will be rendered and you will miss a big treat by not hearing it. All come out. P. Lucate, Leader. 19013p

Booze Seller Sentenced.

Yesterday before the county court Edward Whetzel, Sr., of Coal Centre pleaded guilty to the charge of selling liquor illegally. He was fined \$500 and costs and sentenced to jail for three months.

Another Church League.

A movement is on foot at Monongahela for the organization of a church baseball league along the lines of the organization at Charleroi. The churches that have thus far signified a willingness to join in the movement are the Christian, Central Baptist, Methodist, Catholic, Riverview Baptist and Presbyterian. A meeting will be held tonight at the Y. M. C. A. to further the organization.

Saw The Comet.

W. J. Hilton of Monongahela claims to be the first person in the upper valley to have seen Halley's comet. Yesterday morning at 4:20 o'clock by the aid of a strong telescope, he distinguished the comet, both head and tail, very plainly.

Notice

The favors for the euchre and dance to be held in Turner Hall Wednesday evening, April 13, for the benefit of St. Jerome's baseball team of the Church league, are on display in the windows of J. B. Schafer's jewelry store. These prizes, which are 20 in number, are particularly handsome. Jenkins' orchestra will furnish the music. 19516

Max Swartz of New York city was a visitor in Charleroi yesterday with J. D. Soltzer.

COMMISSION MEETS AND ORGANIZES

Three Are Heard on the Matter of Dividing Charleroi Precincts.

The commissioners appointed for the redistricting of the voting precincts of Charleroi, Theodore J. Allen, Tom P. Sloan and Cary E. Piper, held their first meeting yesterday afternoon, organized, and heard three persons. The first heard was Dr. Frank Crow, the chairman of the first precinct, Charles O. Frye, and Kerfoot W. Daly.

The committee will hold another meeting later on. It is desired by those who petitioned the court for a re-division of the precincts, to have them made just opposite to what they are now, and to better equalize the voters in each.

STATE DEPARTMENT CORRECTS MISTAKE

An error occurred in the formula for the first spray for the Codling moth given in the article on "Reducing Percentage of Wormy Fruit" which appeared recently in State Zoologist Surface's Timely Topics of Plants and Pests. The quantity of arsenate of lead to be used was given as two ounces whereas the correct quantity is two pounds.

The correct formula for the first spray is: One and one-half pounds of bluestone and three pounds of lime in fifty gallons of water to which add two pounds of arsenate of lead. For the second spray the same arsenate compound is recommended except that the bluestone in this should be increased to two and one-half pounds.

The time is almost here in some sections of the State for spraying with the above to counteract the operations of the Codling moth, Curculio and other chewing insects, and in fact is near at hand in all districts. Spray when the blossoms have lost most of their petals and repeat in ten days.

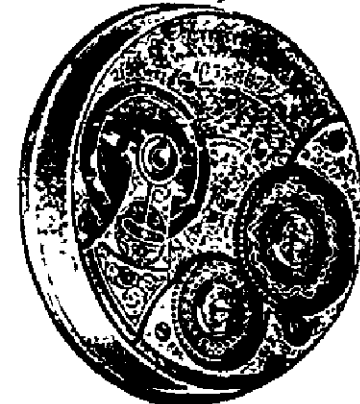

RE-ARRANGING FRONT OF STORE ON M'KEAN

George S. Might, the newsdealer, and stationer of McKean avenue, is having the front of his store altered in order to give more room for the display of his increasing stock and to add to the appearance of his store. The work was begun yesterday under the supervision of Architect Balsley, by the Walton Lumber company. The windows will be changed and lowered to a level with the sidewalk. Inside marble and Carara glass will be used for the floor. When finished it is expected that the window and front will be one of the most attractive on McKean avenue.

Binger-Guyans.

Quietly going to Pittsburg yesterday morning, Miss Emma Binger, a well known Charleroi woman, and Prudent Guyans of Monongahela, were married. The couple will return to Monongahela where they will live. The bride was for five years employed at the store of J. E. Masters on Fallowfield avenue, and bears a large acquaintanceship. The groom is a glasscutter, and well known in his home town.

A Good Move.

The action of the district Turn Ver-
ein in convention at Monessen Sun-
day in passing a resolution asking for
a better distribution of foreign immi-
grants who come to this country, is a
proposition that has merit. Just how
this might be effected is not stated,
but that is a matter of detail which
could be worked out later. What is
most important is to avoid a conges-
tion of raw material seeking labor in
the big industrial sections, and to dis-
tribute this material over the country
where it is in most demand. This
would not only be better for the im-
migrants themselves, but would also
benefit labor conditions in all parts of
the country.

At present the natural tendency is
for immigrants to flock into the indus-
trial regions of Pennsylvania, where
they have relatives and friends. With
no public means of distributing this
labor a surplus is soon created in
various sections, while others, usu-
ally at a distance, may be in need
of labor. The only method of dis-
tributing the labor supply is for each
individual to strike out for himself,
and lack of intelligent information on
this source helps to maintain a con-
gestion. In Australia and New Zea-
land this is a government function,
to furnish accurate information where
labor is in demand, and to transport
laborers there free of cost when
necessary. Something of that nature
in this country will prove a great
boon, and the Turn Verein is on the
right track in seeking to promote it.

Civic Pride.

Monessen's board of trade proposes
to observe April 22, one of the Arbor
Days appointed by Governor Stuart
in true civic spirit. The board has
ordered a large consignment of shade
trees from a Philadelphia nursery and
will plant the same along the school
grounds and public places set aside
for parks. Monessen citizens propose
to promote a town beautiful, as
well as a town bountiful.

Because of its mammoth steel mills,
busy stores and business places, Mon-
essen at the start did not pay much
attention to appearances, although
nothing in the way of the substantial
was neglected in laying out and build-
ing up the town. Now, that the
foundations have been well laid, the
people have time to take a second
breath and look about them. By act-
ing as a unit in improving and beauti-
fying the town, much bet-

ter and quicker progress can be made
than to wait for each individual
property holder to act on his own
volition. With both systems in active
process Monessen should soon become
noted for the handsomest town in the
valley as well as the busiest. A
healthy civic pride is a good stimulus
to any town.

Cheering Prospects.

Indications from all over the
country are to the effect that the pro-
duction of farm products will be
vastly increased this season. The
high prices of these food stuffs have
resulted in a big increase in cultivated
acreage as well as better methods of
culture, and nothing but an unfavor-
able season will offset the beneficial
effects of the increased production
that is in store for this country. A
stimulus to farming brings better
conditions all along the line.

Locally this increased production
can be augmented in the way of gar-
dening and cultivating the waste plots
of ground that remain unproductive
from year to year. Many vacant lots
would thus be utilized and made to
produce bountifully. Outside of town
are many unused and idle fields and
plots of ground that annually produce
nothing but weeds which might be
made to afford a living for one or
more families during a season. There
is no doubt but what these oppor-
tunities will be utilized to a
greater or less extent throughout the
country in view of the strenuousness
of the living problem. More garden-
ing about the cities and large towns
will do much to reduce the cost of
living.

ELECTRIC SPARKS

The chattering craze is not con-
fined to the women. It has cocktails
for men.

A Washington, D. C., youngster,
because certain representatives are
insurgent, insists upon being a school
insurgent, and says the rules are al-

together wrong at the present time.
The code might be altered to embrace
those of same nature, in vogue years
ago, when the willow was the most
important adjunct to educational in-
struction.

The teachers will inform each other
how it is best to teach the various sub-
jects, when they convene at that in-
stitute on Thursday and Friday even-
ings.

Falling off buildings is not to say
the least an interesting pastime.

One of the discomforts of sixty
years ago, in male fashions, was
long hair. Now one of the discom-
forts is not any.

The dogs are the innocent bystand-
ers who have to suffer from the high
prices in meat.

While many years ago the farmer
was not considered much, today he is
the big squeeze who furnishes the
food for the thin city folks.

Economy has at last become respect-
able through the high price of living.

Indians used to bear such names as
"Rain in the Face" and other easily
pronounced cognomens. Now it takes
an expert to pronounce the name of
half the population.

A magazine states that it has be-
come a penitentiary offense to eat pie
at breakfast. If that's true we know
of several fellows who are serving
life terms.

President Taft says he wants every-
body in the ranks. That's natural if
he expects to serve a second term.

Besides ordinary liars and joy rid-
ers, perjurers are the most common
things we have.

A sea dog does not necessarily
mean the man who can take the big-
gest schooner.

ORIGINAL QUIPS OF THAT CHURCH BASEBALL LEAGUE

Yea, Bo, hit 'er out.

The season is almost here.

National League opens next Wednesday.

Our Church League begins May 2.

Be a real American and get interested in the game.

All the Church League teams have been playing practice games.

Get in the push on May 2, the biggest baseball day ever for Charleroi.

Capt. Wertz is already waxing eloquent on the coaching lines.

The Christians have ordered fourteen uniforms. Manager Bob McGowan and Captain Furnier are certainly hustlers.

Home-Run Johnson of the Episcopal has sprained a tendon in his home-run bat.

Georgia Kline is moving fast for so early in the season.

S. D. Matthews of the Episcopal still wears that wise smile. Watch his team this season.

Billy Kuhn of the Episcopal will be faster than ever this year.

Dale Roberts has decided not to do any active campaigning.

Charlie Newcomer of the Washington Presbyterians is again in harness.

Ward Snyder of the Methodists has not got his eye on the pellet as yet.

Vint Reeves is slowly rolling into condition.

Bob Allen of the Lutherans has invented a new play known as the double-swaggle.

Tommy Mosier may be seen on the pivot, although his throwing arm is rather weak.

Doc Smith is getting in shape by trying for the W. and J. team.

Karl Keffer may be seen in the Church League this summer if he gets his running gear into proper fettle.

The Girl Who Will Always Be Happy.

The girl who'll be happy through all her life, the sort of a girl that will make a good wife, must be modest and gentle and sweet and kind, and to all sorts of gossip be deaf and blind. She should learn how to cook and bake and sew, and how to make money the farthest go; she should know that Chi-Namel will longer wear, whether used on a floor or a much used stair. One coat of Chi-Namel varnish—any color—will outwear a half-dozen coats of ordinary varnish of the kind that contains rosin and smells of benzine. Amateurs can apply it without showing brush marks. All size packages. Sold by T. P. Grant.

How to Prevent Gray Hair.

When gray hairs first begin to appear, prompt action should be taken to nourish the scalp and prevent their further spread. Regular brushing, massage of the scalp and occasional shampooing help to prolong the vitality of the hair and preserve its natural color. But it is absolutely essential that these methods be assisted with some form of vital nourishment which the decaying roots of the hair can absorb. Numerous preparations for this purpose have appeared on the market during the past twenty years, but many of them have proved more harmful than otherwise. It is now agreed by competent authorities and those who have put it to the severest tests that HAY'S HAIR HEALTH is the safest and most effective preparation for restoring prematurely gray hair, and furnishing the right food to the scalp. Its constantly increasing sale and the fact that it has held its great popularity for nearly a quarter of a century is proof that this scientific preparation does the work to the entire satisfaction of users. All reliable druggists recommend it and sell it in 50 cent and dollar bottles, or it can be purchased from the manufacturer, Philo Hay, Specialties Co., Newark, N. J., U. S. A.

The Telephone as an Employee

THE well-managed modern business house, or mill, or factory, has no dead expense.

Each employee, each tool, each machine, must contribute in proper proportion to the success and the profits of the enterprise as a whole.

The progressive manager has more than a TELEPHONE—he has a TELEPHONE SYSTEM and a definite TELEPHONE POLICY.

He realizes that the salary of an office boy or clerk will pay for a private branch exchange and that the salary and expenses of one traveling salesman will more than equal the cost of the most liberal use of local and long distance service.

He puts the telephone on his pay roll and makes it his most effective and profitable employee.

A weekly telephone talk with the live man at headquarters will add 25 per cent to the value of any traveling salesman

Those who claim they have no time to play or to witness the Church League games, just remember this—that when Teddy Roosevelt was President and undoubtedly the busiest man in the country, he invariably got in his two hours athletics per day at tennis, wrestling or boxing. And Teddy went in to win at all times, at all the competition possible and the best opponents to be found.

Ordinance No. 223.

An ordinance regulating the building of additions to wooden or frame buildings within the limits provided in ordinance No. 69, approved May 2, 1898.

Be it ordained by the Burgess and Town Council of the Borough of Charleroi and it is hereby ordained by authority of the same:

SECTION I.

That from and after the passage of this ordinance, it shall be lawful to erect, construct and maintain an addition or additions to wooden or frame buildings of like materials within the firm limits provided by Ordinance No. 69, approved May 2, 1898, provided the owner or owners thereof shall first make application for permission so to do and shall furnish plans and satisfactory evidence to Council that such addition is a reasonable one and will not increase the fire liability in the vicinity erected. Four votes by roll call necessary to grant permission.

SECTION II.

Before any permit shall be issued for such addition, the said owner or owners shall procure the written approval of Council and file the same with the Clerk of the Borough.

SECTION III.

Nothing herein contained shall be construed to alter or amend the provisions of said Ordinance No. 69, approved May 2, 1898, except as herein expressly provided.

All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Ordained and enacted into an ordinance this 4th day of April 1910.

BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed Up Head Will Vanish.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei (pronounce it High-o-me).

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will cure a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from eucalyptol, a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and cure is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs only \$1.00 at druggists everywhere and at Piper Bros. If you already own an inhaler you can get an extra bottle of Hyomei at druggists for only 50c. K7

TEACHERS' INSTITUTE AT SCHOOL HALL THIS WEEK

Affair Will be Entirely in Charge of the Local Instructors.

NICE PROGRAMS ARRANGED

First Session on Thursday Evening—Music Will be a Feature.

The second teachers' institute this year by the teachers of the Charleroi schools, will be held in School Hall on two nights this week, Thursday and Friday, and from the preparations that have been made, it promises to be one of exceptional interest. Music will be a special feature, and combined with the talks to be given by the local teachers, will be pleasing to the patrons of the schools, as well as teachers. The following is the program as it has been arranged:

THURSDAY EVENING.

Selection—Stratford Orchestra.
"Some Phases of History Work in the Grades"—Miss Harriet Jolliffe.
"Essentials in Physiology"—Miss Mary Blankenbuehler.
"How to Train Pupils to be Accurate"—Miss Mary Thompson.
Vocal solo—Miss Emma Meyer.
"Practical Moral Training in the Public Schools"—Nelle Steele.
"What Should be the Aim in Primary Drawing"—Miss Elizabeth Elliott.

"How Best Teach the Pupil to Study Mathematics"—J. R. Huston.
"How to Train Pupils to get Correct Form and Movement in Writing"—Miss Judith Collins.
Music—Teacher's Choral Club.

FRIDAY EVENING.

Selection—Stratford Orchestra.
"Essentials in Geography"—Miss Jean Hawthorne.
"How to Give the Greatest Benefit to the Pupils Who See no Value in the Study of History"—Miss Grace Iams.
Music—Ladies Double Quartet.
"Interdependence of Geography and History"—Miss Alice Woodward.
"Some Methods to Obtain Interest and Energetic Work in the High School"—George Cheeseman.
Music—Miss Esther Dryer.

"The Value of Hand Work in the Primary Grades"—Miss Bernette McDonough.
"Nature of the Teacher's Preparation for the Day's Work"—Miss Ella Greenwood.

Recitation—Mrs. Dolly Jeffries.
"How May Our Schools Aid in Making Manly Boys"—Miss Etta Work.

Music—Teacher's Choral Club.

Strike at Manown.

A strike is in progress at the plant of the Manown Manufacturing company at Manown, across the river from Monongahela and from 35 to 45 men and boys are out on a demand for an increase of wages. Two deputies from Pittsburg are on duty at the plant to protect the property of the company.

Public Meeting Tonight.

Burgess Geo. W. Risbeck has called a meeting of citizens in the borough building at 7:30 tonight for the purpose of discussing plans and arranging for a public demonstration in Charleroi on July 4. Every one interested is requested to attend.

Mrs. Jos. Bake and children left this morning for Indiana to spend several weeks with Mrs. Baker's parents, Mr. and Mrs. John Abbey.

NOT HELD GUILTY OF RECKLESSNESS

Burgess Discharges Automobilist who Ran Into Boys on Bicycle.

L. A. McVey, who was arrested in connection with the accident at the corner of Fifth street and Washington avenue on Sunday evening, when Constantine Patrick was seriously injured, was discharged last night by Burgess Risbeck. The charge against him was reckless driving. Among the witnesses heard were Steve Kaulker, one of the boys on the bicycle which was struck, Mrs. Clara Hamn, Clarence Jones and Joseph Higgins. Andrew Kaulkey, the father of Steve Kaulker, stated this morning that he and Mrs. Michael Patrick the mother of the boy most injured were intending consulting an attorney about entering suit for damages.

BEGINNING TO FEAR THAT SCHOOLS MAY HAVE TO BE CLOSED

Unless the rapid spread of the measles can be stopped at once, there is danger of the schools being ordered closed by the board of health, as well as all the amusement places of town. The measles during the past four days have been spreading at the average rate of about seven cases a day, and the board of health and physicians seem powerless to stop the contagion. The health board will hold a meeting as soon as possible and discuss the problem of combating the disease.

FIRST MEETING OF SOCIAL GLEANERS' CLUB TO BE HELD

The Baptist Social Gleaners' club, recently formed, will hold their first meeting at the First Baptist church on Thursday evening, and a nice program has been prepared.

The program consists of piano numbers, readings, recitations, solos, quartets, instrumental numbers and others of a varied literary nature. Among those to take part will be Mrs. C. S. Joshua, Miss Della Jacobs, Miss Jessie Everhart, A. G. Lewis, Mrs. Harry Burkhardt, Mr. Burkhardt, O. Michener, Charles McLaughlin, Charles Hott, Rev. Joshua, D. C. Whitlatch, Dr. C. C. Wright, Jay Reeves, and Floyd Chalfant. The meeting being public an invitation has been extended to all.

SCHEDULE ARRANGED FOR TEAM PRACTICE

At the instance of the executive committee of the Charleroi Church baseball league, Stafford D. Matthews of the schedule committee has prepared a list of days upon which the various teams practice and submitted it, subject to change upon arrangements as follows: Mondays—Christians and Lutherans; Tuesdays—Episcopalians and Catholics; Thursdays—First Presbyterians and Methodists; Fridays—Baptists and Washington Avenue Presbyterians.

CHARLEROI HAS ANOTHER INVENTOR

The "Smith Utility Scoop" is the latest invention of a Charleroi man, the inventor W. C. Smith, a plate glass worker, having just recently received his patent.

The scoop is intended to facilitate the work of freight warehouse men, or farm workers in handling grain or other loose substances, and according to the inventor the work of five or six men can be done by one person. The scoop is set upon handles and is so arranged that by simply pulling a string, it revolves to a horizontal position, when it may be pushed into the bulk of material desired to load. The handles are raised to a vertical position, clamping the scoop automatically and the load is ready to wheel where it is desired. Another pull at the string when ready is the means of unloading it.

ONLY ONE DEATH DURING MARCH AT THE MONESSEN-CHARLEROI HOSPITAL

The Monessen-Charleroi hospital, according to a report made public this morning, is in good shape and is doing successful work. There was only one death at the hospital doing March, that from a neglected case of typhoid, the patient dying 24 hours after being taken to the hospital. The report follows:

No. patients in hospital at beginning of March.....	10
Admitted during March.....	20
Discharged during March.....	22
In March 31.....	10
Deaths during month.....	1

INCREASE SALARY OF PASTOR AND BUY A PARSONAGE

At an adjourned meeting of the board of trustees of the First Presbyterian church last night action was taken increasing the salary of the pastor, Rev. J. T. Hackett, \$200, or from \$1,000 a year to \$1,200. A parsonage will also be provided for him through the purchase of the J. S. Crawford property at the rear of the church. The meeting was presided over by the recently elected chairman of the board of trustees, Dr. J. W. Hunter.

The First Presbyterian church congregation is in good shape now, and good work is being done. Extensive repairs were made on the church last year. Rev. Hackett, who has been here but about two years, has proved a popular pastor, and the increase in salary was felt to be justly due him.

TREES ORDERED FOR PLANTING ON ARBOR DAY

Dr. B. W. Stewart of Monessen sent to the Meacham nursery, Philadelphia, this morning an order for 140 shade trees to be planted here upon the observance of Arbor Day April 22. The trees were ordered by a special committee of the Board of Trade and will be planted at the instigation and under the direction of the tree committee of which Dr. Stewart is secretary. Eighteen of this number was ordered by the School Board and will be planted along the school property in the three wards. Sixty of the number was ordered by the committee to be planted along the parks and other public grounds and the remainder will be planted by private citizens.

Free Concert.

The Charleroi Italian Band will give a free concert on Saturday evening at 6 o'clock in front of Charleroi House. Music of a very high order will be rendered and you will miss a big treat by not hearing it. All come out. P. Lucate, Leader.

Booze Seller Sentenced.

Yesterday before the county court Edward Whetzel, Sr., of Coal Centre pleaded guilty to the charge of selling liquor illegally. He was fined \$500 and costs and sentenced to jail for three months.

Another Church League.

A movement is on foot at Monongahela for the organization of a church baseball league along the lines of the organization at Charleroi. The churches that have thus far signified a willingness to join in the movement are the Christian, Central Baptist, Methodist, Catholic, Riverview Baptist and Presbyterian. A meeting will be held tonight at the Y. M. C. A. to further the organization.

Saw The Comet.

W. J. Hilton of Monongahela claims to be the first person in the upper valley to have seen Halley's comet. Yesterday morning at 4:20 o'clock by the aid of a strong telescope, he distinguished the comet, both head and tail, very plainly.

Notice

The favors for the euchre and dance to be held in Turner Hall Wednesday evening, April 13, for the benefit of St. Jerome's baseball team of the Church league, are on display in the windows of J. B. Schafer's jewelry store. These prizes, which are 20 in number, are particularly handsome. Jenkins' orchestra will furnish the music.

Max Swartz of New York city was a visitor in Charleroi yesterday with J. D. Snitzer.

COMMISSION MEETS AND ORGANIZES

Three Are Heard on the Matter of Dividing Charleroi Precincts.

The commissioners appointed for the redistricting of the voting precincts of Charleroi, Theodore J. Allen, Tom P. Sloan and Carl E. Pinner, held their first meeting yesterday afternoon, organized, and heard three persons. The first heard was Dr. Frank Crow, the chairman of the first precinct, Charles O. Frye, and Kerfoot W. Daly.

The committee will hold another meeting later on. It is desired by those who petitioned the court for a re-division of the precincts, to have them made just opposite to what they are now, and to better equalize the voters in each.

STATE DEPARTMENT CORRECTS MISTAKE

An error occurred in the formula for the first spray for the Codling moth given in the article on "Reducing Percentage of Wormy Fruit" which appeared recently in State Zoologist Surface's Timely Topics of Plants and Pests. The quantity of arsenate of lead to be used was given as two ounces whereas the correct quantity is two pounds.

The correct formula for the first spray is: One and one-half pounds of bluestone and three pounds of lime in fifty gallons of water to which add two pounds or arsenate of lead. For the second spray the same arsenic compound is recommended except that the bluestone in this should be increased to two and one-half pounds.

The time is almost here in some sections of the State for spraying with the above to counteract the operations of the Codling moth, Curculio and other chewing insects, and in fact is near at hand in all districts. Spray when the blossoms have lost most of their petals and repeat in ten days.

RE-ARRANGING FRONT OF STORE ON M'KEAN

George S. Might, the newsdealer, and stationer of McKean avenue, is having the front of his store altered in order to give more room for the display of his increasing stock and to add to the appearance of his store. The work was begun yesterday under the supervision of Architect Balsley, by the Walton Lumber company. The windows will be changed and lowered to a level with the sidewalk. Inside marble and Carara glass will be used for the floor. When finished it is expected that the window and front will be one of the most attractive on McKean avenue.

Binger-Guyans.

Quietly going to Pittsburg yesterday morning, Miss Emma Binger, a well known Charleroi woman, and Prudent Guyans of Monongahela, were married. The couple will return to Monongahela where they will live. The bride was for five years employed at the store of J. E. Masters on Fallowfield avenue, and bears a large acquaintanceship. The groom is a glasscutter, and well known in his home town.

District at the Primaries June 4

A Good Move.

The action of the district Turn Ver-
ein in convention at Monessen Sun-
day is passing a resolution asking for
a better distribution of foreign immi-
grants who come to this country, is a
proposition that has merit. Just how
this might be effected is not stated,
but that is a matter of detail which
could be worked out later. What is
most important is to avoid a conges-
tion of raw material seeking labor in
the big industrial sections, and to dis-
tribute this material over the country
where it is in most demand. This
would not only be better for the im-
migrants themselves, but would also
benefit labor conditions in all parts of
the country.

At present the natural tendency is
for immigrants to flock into the indus-
trial regions of Pennsylvania, where
they have relatives and friends. With
no public means of distributing this
labor a surplus is soon created in
various sections, while others, usu-
ally at a distance, may be in need
of labor. The only method of dis-
tributing the labor supply is for each
individual to strike out for himself,
and lack of intelligent information on
this source helps to maintain a con-
gestion. In Australia and New Zea-
land this is a government function,
to furnish accurate information where
labor is in demand, and to transport
laborers there free of cost when
necessary. Something of that nature
in this country will prove a great
boon, and the Turn Verein is on the
right track in seeking to promote it.

Civic Pride.

Monessen's board of trade proposes
to observe April 22, one of the Arbor
Days appointed by Governor Stuart
in true civic spirit. The board has
ordered a large consignment of shade
trees from a Philadelphia nursery and
will plant the same along the school
grounds and public places set aside
for parks. Monessen citizens propose
to promote a town beautiful, as
well as a town bountiful.

Because of its mammoth steel mills,
busy stores and business places, Mon-
essen at the start did not pay much
attention to appearances, although
nothing in the way of the substantial
was neglected in laying out and build-
ing up the town. Now that the
foundations have been well laid, the
people have time to take a second
breath and look about them. By act-
ing as a unit in improving and beauti-
fying the town, much bet-

ter and quicker progress can be made
than to wait for each individual
property holder to act on his own
volition. With both systems in active
process Monessen should soon become
noted for the handsomest town in the
valley as well as the busiest. A
healthy civic pride is a good stimulus
to any town.

Cheering Prospects.

Indications from all over the
country are to the effect that the pro-
duction of farm products will be
vastly increased this season. The
high prices of these food stuffs have
resulted in a big increase in cultivated
acreage as well as better methods of
culture, and nothing but an unfavor-
able season will offset the beneficial
effects of the increased production
that is in store for this country. A
stimulus to farming brings better
conditions all along the line.

Locally this increased production
can be augmented in the way of gar-
dening and cultivating the waste plots
of ground that remain unproductive
from year to year. Many vacant lots
would thus be utilized and made to
produce bountifully. Outside of town
are many unused and idle fields and
plots of ground that annually produce
nothing but weeds which might be
made to afford a living for one or
more families during a season.
There is no doubt but what these op-
portunities will be utilized to a
greater or less extent throughout the
country in view of the strenuousness
of the living problem. More garden-
ing about the cities and large towns
will do much to reduce the cost of
living.

ELECTRIC SPARKS

The chattering craze is not con-
fined to the women. It has cocktail
for men.

A Washington, D. C., youngster,
because certain representatives are
insurgents, insists upon being a school
insurgent, and says the rules are al-

together wrong at the present time.
The code might be altered to embrace
those of same nature, in vogue years
ago, when the willow was the most
important adjunct to educational in-
struction.

The teachers will inform each other
how it is best to teach the various sub-
jects, when they convene at that in-
stitute on Thursday and Friday even-
ings.

Falling off buildings is not to say
the least an interesting pastime.

One of the discomforts of sixty
years ago, in male fashions, was

forts is not any.

The dogs are the innocent bystand-
ers who have to suffer from the high
prices in meat.

While many years ago the farmer
was not considered much, today he is
the big squeeze who furnishes the
food for the thin city folks.

Economy has at last become respec-
table through the high price of living.

Indians used to bear such names as
"Rain in the Face" and other easily
pronounced cognomens. Now it takes
an expert to pronounce the name of
half the population.

A magazine states that it has be-
come a penitentiary offense to eat pie
at breakfast. If that's true we know
of several fellows who are serving
life terms.

President Taft says he wants every-
body in the ranks. That's natural if
he expects to serve a second term.

Besides ordinary liars and joy rid-
ers, perjurers are the most common
things we have.

Movements of the People in Charleroi and Vicinity

The Citizens Library association of
North Charleroi will hold their annual
meeting Monday evening, April 18,
for the purpose of electing directors
for the ensuing year.

S. L. Woodward, the McKean ave-
nue furniture dealer, is having a porch
added to the front of his building on
the second story.

Mrs. W. C. Bennett left for her
home today at Mt. Gilead, Ohio, having
spent the last two weeks with her sis-
ter, Mrs. R. J. Lysle. Mrs. Lysle
went as far as Pittsburg with her.

Mr. and Mrs. E. F. Krahmer re-
turned last evening from a three days'
visit in Rockwood, Somerset county,
and Cumberland, Md., with friends.

The Italian band is planning to
give a free open air concert on Satur-
day night before the Charleroi Hotel.

Misses Agnes Thompson and Tina
Estenfelder are spending the day in
Pittsburg with friends.

Mr. and Mrs. E. C. McNeal, after
spending a number of days here on
business and pleasure, returned yester-
day to their home in Lawrenceburg,
Tenn. Mr. McNeal will have charge
of a party taking a trip to Texas,
within a short time.

Rev. John Allison left this morning
for New York city, from where he
will sail shortly for England for a
several months' visit.

ORIGINAL QUIPS OF THAT CHURCH BASEBALL LEAGUE

Yea, Bo, hit 'er out.
The season is almost here.

National League opens next Wednesday.

Our Church League begins May 2. Be a real American and get interested in the game.

All the Church League teams have been playing practice games.

Get in the push on May 2, the biggest baseball day ever for Charleroi.

Capt. Wertz is already waxing eloquent on the coaching lines.

The Christians have ordered fourteen uniforms. Manager Bob McGowan and Captain Furnier are certainly hustlers.

Home-Run Johnson of the Episcopalists has sprained his hand in his home-run bat.

Georgie Kline is moving fast for so early in the season.

S. D. Matthews of the Episcopalists still wears that wise smile. Watch his team this season.

Billy Kuhn of the Episcopalists will be faster than ever this year.

Dale Roberts has decided not to do any active campaigning.

Charlie Newcomer of the Washington Presbyterians is again in harness.

Ward Snyder of the Methodists has not got his eye on the pellet as yet.

Vint Reeves is slowly rolling into condition.

Bob Allen of the Lutherans has invented a new play known as the double-swaggle.

Tommy Mosier may be seen on the pivot, although his throwing arm is rather weak.

Doc Smith is getting in shape by trying for the W. and J. team.

Karl Keffer may be seen in the Church League this summer if he gets his running gear into proper fettle.

The Girl Who Will Always Be Happy.

The girl who'll be happy through all her life, the sort of a girl that will make a good wife, must be modest and gentle and sweet and kind, and to all sorts of gossip be deaf and blind. She should learn how to cook and bake and sew, and how to make money the farthest go; she should know that Chi-Namel will longer wear, whether used on a floor or a much used stair. One coat of Chi-Namel varnish—any color—will outwear a half-dozen coats of ordinary varnish of the kind that contains rosin and smells of benzine. Amateurs can apply it without showing brush marks. All size packages. Sold by T. P. Grant.

How to Prevent Gray Hair.

When gray hairs first begin to appear, prompt action should be taken to nourish the scalp and prevent their further spread. Regular brushing, massage of the scalp and occasional shampooing help to prolong the vitality of the hair and preserve its natural color. But it is absolutely essential that these methods be assisted with some form of vital nourishment which the decaying roots of the hair can absorb. Numerous preparations for this purpose have appeared on the market during the past twenty years, but many of them have proved more harmful than otherwise. It is now agreed by competent authorities and those who have put it to the severest tests that HAY'S HAIR HEALTH is the safest and most effective preparation for restoring prematurely gray hair, and furnishing the right food to the scalp. Its constantly increasing sale and the fact that it has held its great popularity for nearly a quarter of a century is proof that this scientific preparation does the work to the entire satisfaction of users. All reliable druggists recommend it and sell it in 50 cent and dollar bottles, or it can be purchased from the manufacturer, Philo Hay Specialties Co., Newark, N. J., U. S. A.

The Telephone as an Employee

THE well-managed modern business house, or mill, or factory, has no dead expense.

Each employee, each tool, each machine, must contribute in proper proportion to the success and the profits of the enterprise as a whole.

The progressive manager has more than a TELEPHONE—he has a TELEPHONE SYSTEM and a definite TELEPHONE POLICY.

He realizes that the salary of an office boy or clerk will pay for a private branch exchange and that the salary and expenses of one traveling salesman will more than equal the cost of the most liberal use of local and long distance service.

He puts the telephone on his pay roll and makes it his most effective and profitable employee.

A weekly telephone talk with the live man at headquarters will add 25 per cent to the value of any traveling salesman

Those who claim they have no time to play or to witness the Church League games, just remember this—that when Teddy Roosevelt was President and undoubtedly the busiest man in the country, he invariably got in his two hours athletics per day at tennis, wrestling or boxing. And Teddy went in to win at all times, at all the competition possible and the best opponents to be found.

Clerk's Notice in Bankruptcy.

No. 496 in Bankruptcy.
In the District Court of the United States for the Western District of Pennsylvania, Harris Melcher, of Charleroi, of Washington County, Pennsylvania, a Bankrupt under the Act of Congress of July 1, 1898, having applied for a full discharge from all debts provable against his estate under said Act, notice is hereby given to all known creditors and other persons in interest, to appear before the said Court at Pittsburgh, in said District, on the 26th day of April, 1910, at 10 o'clock in the forenoon, to show cause, if any they have, why the prayer of the said petitioner should not be granted.
WILLIAM T. LINDSEY, Clerk

Ordinance No. 223.

An ordinance regulating the building of additions to wooden or frame buildings within the limits provided in ordinance No. 69, approved May 2, 1898.

Be it ordained by the Burgess and Town Council of the Borough of Charleroi and it is hereby ordained by authority of the same:

SECTION I.

That from and after the passage of this ordinance, it shall be lawful to erect, construct and maintain an addition or additions to wooden or frame buildings of like materials within the firm limits provided by Ordinance No. 69, approved May 2, 1898, provided the owner or owners thereof shall first make application for permission so to do and shall furnish plans and satisfactory evidence to Council that such addition is a reasonable one and will not increase the fire liability in the vicinity erected. Four votes by roll call necessary to grant permission.

SECTION II.

Before any permit shall be issued for such addition, the said owner or owners shall procure the written approval of Council and file the same with the Clerk of the Borough.

SECTION III.

Nothing herein contained shall be construed to alter or amend the provisions of said Ordinance No. 69, approved May 2, 1898, except as herein expressly provided.

All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Ordained and enacted into an ordinance this 4th day of April 1910.

JOHN J. HEIN,
President of Council.

Attest:
IRA L. NICKESON,
Clerk of Council.
Examined and approved by me this 5th day of April, 1910.
GEORGE W. RISBECK,
Burgess.

BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed Up Head Will Vanish.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breath Hyomei (pronounce it High-o-me).

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will cure a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from eucalyptol, a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and cure is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs only \$1.00 at druggists everywhere and at Piper Bros. If you already own an inhaler you can get an extra bottle of Hyomei at druggists for only 50c. K7
